# Wooden EDUCATIONAL GAMES

GENUINE WOOD

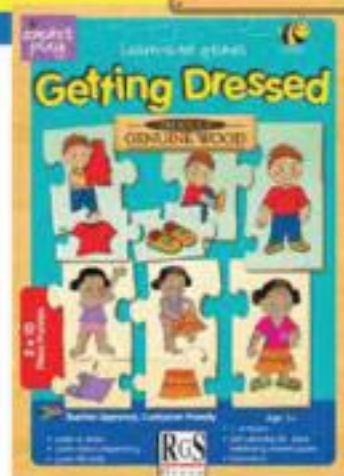

Smart Thinking

## Alpha Match • 5100

These colourful 26 self-connecting 2-piece interlocking puzzles will help your child recognise the letters of the alphabet and learn their sounds. Teaching notes included.

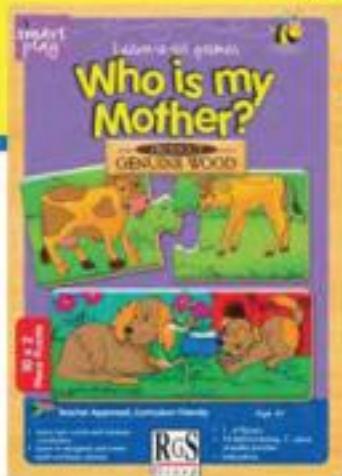

## Getting Dressed • 5101

2 Sets of 10 piece beautifully illustrated puzzles which will help your child learn to dress in the correct sequence without your help! Build self-confidence and promote a good self image. Teacher-friendly instructions included.

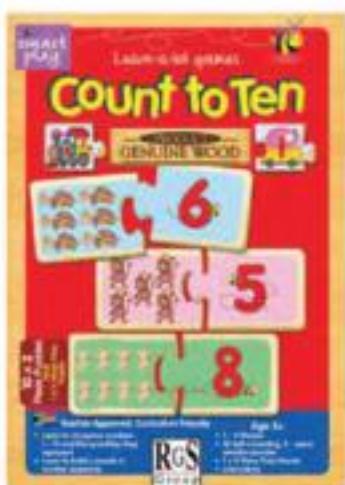

## Colour Fun • 5102

21 Self-connecting 2 piece wooden puzzles for 1 - 4 players will help your child recognise and name basic colours and colour combinations. Encourage environmental awareness and an appreciation of nature.

## Who is my Mother? • 5103

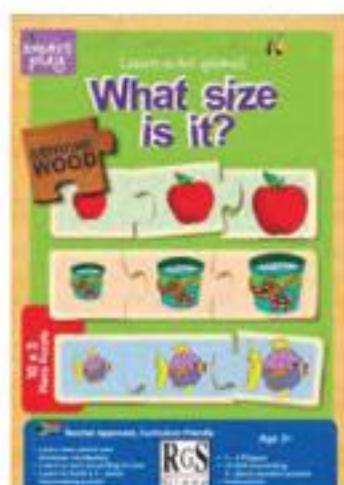

Learn about animals and their babies. Increase environmental awareness, enhance language, reasoning, memory and conversation skills with this beautifully illustrated set of 10 2-piece puzzles.

## Count to Ten • 5104

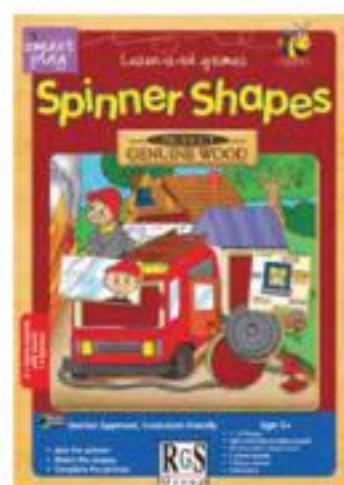

Learning about numbers and the quantities they represent is an important part of early learning and is essential for school readiness.

10 Self connecting 2 piece puzzles. Detailed instructions included.

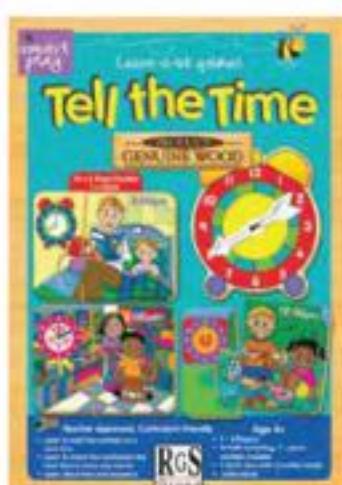

## What size is it? • 5105

10 x 3 piece self connecting puzzles which will improve visual discrimination, promote language skills and help your child learn about differences in size. Detailed instructions included.

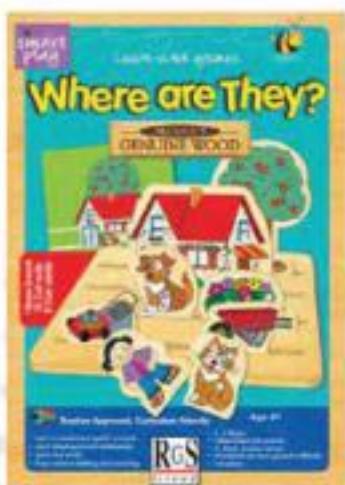

## Spinner Shapes • 5106

Spin the spinner and learn about shape by placing the shapes in their correct positions in each of the beautifully illustrated game-boards.

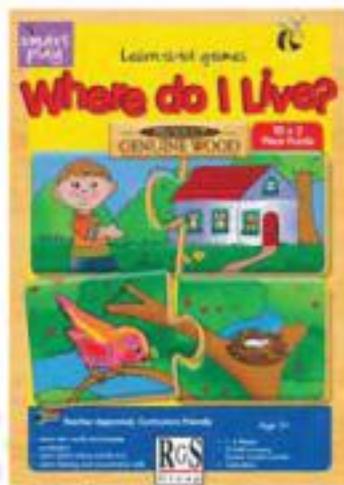

## Tell the Time • 5108

This beautifully illustrated game with detailed teaching notes will help your child learn the meaning of numbers on a clock face and give him or her an understanding of the concept of time and sequence.

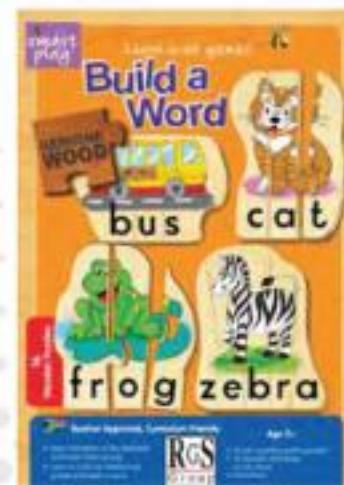

## Where are They? • RGS 5115

An exciting and innovative educational game which will help your child understand positional and spatial concepts which are vital for reading and mathematical learning. Develop observational skills and pay attention to detail. Follow visual and verbal instructions. Enjoy creative thinking and reasoning.

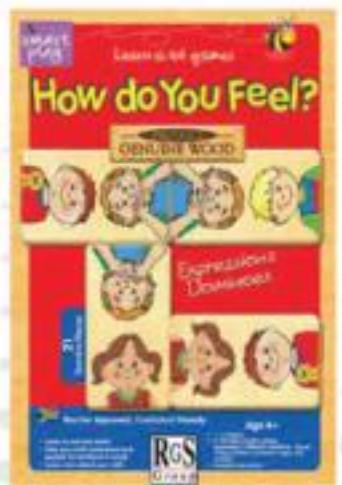

## Where do I Live? • 5109

Learning about animal homes will help your child understand the importance of protecting our environment. This delightfully illustrated game also includes opportunities to enhance language, conversation and reasoning skills.

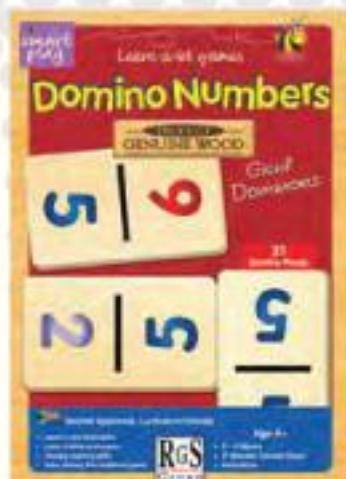

## Build a Word • 5110

The spelling game will help your child learn to sound out and read words and blend sounds. Detailed instructions with 7 different spelling games for young children.

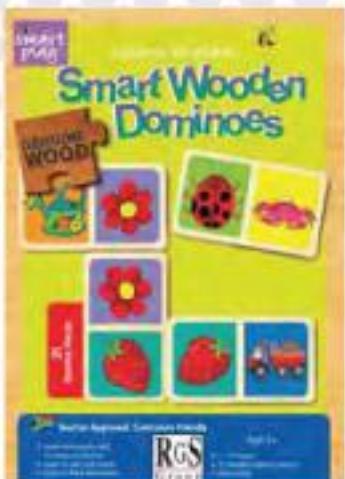

## How do You Feel? • RGS 5113

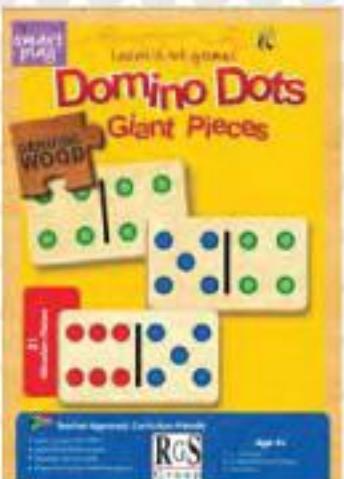

21 Colourful domino pieces and detailed instructions will help you to help your child understand his emotions and talk about them in a positive and constructive manner.

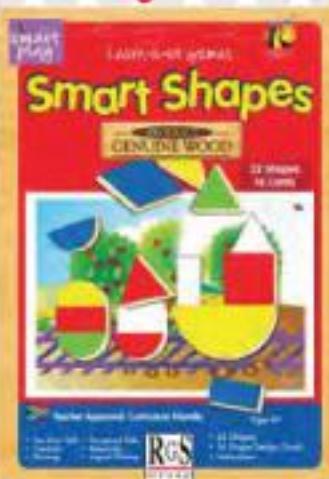

**Domino Numbers • RGS 5125**  
This game of strategy, which includes teaching notes, will keep young learners entertained for hours.

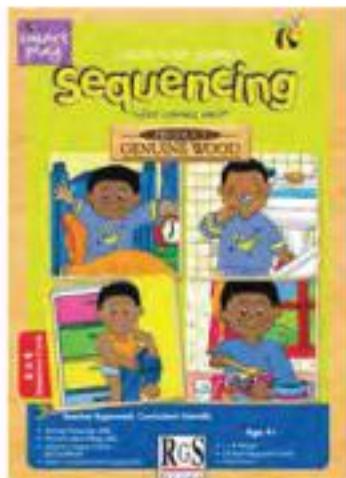

**Smart Dominoes • RGS 5107**  
21 Colourful domino pieces which will help your child learn to sort, match, think and reason.

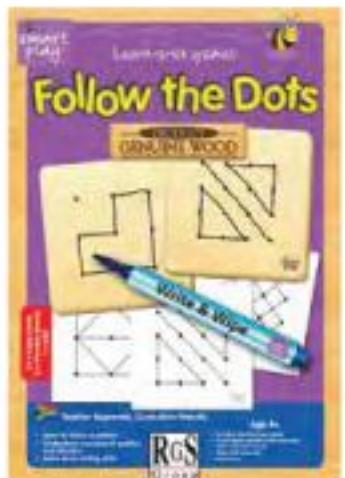

**Domino Dots Giant Pieces • RGS 5124**  
Domino's is a game of strategy which requires memory skills, concentration, planning, thinking and reasoning. Matching the dots will help your child learn to count, compare and match quantities. He will also enjoy competing with others.

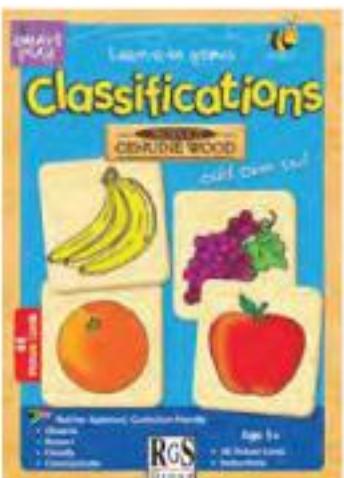

**Smart Shapes • RGS 5126**  
Placing the shapes in their correct positions on the shape cards will help your child recognise and match colours and shapes and acquire positional concepts. Detailed teaching notes included.

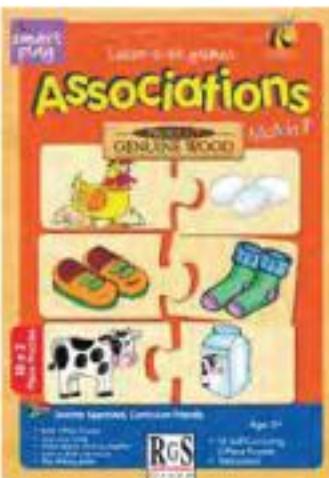

**Sequencing • RGS 5127**  
Your child will love to look at these beautifully illustrated pictures and tell the stories depicted on each set of 4 sequence cards. Develop language and memory skills and acquire a sense of time and continuity. Learn about cause and effect while predicting the outcomes of each sequence story.

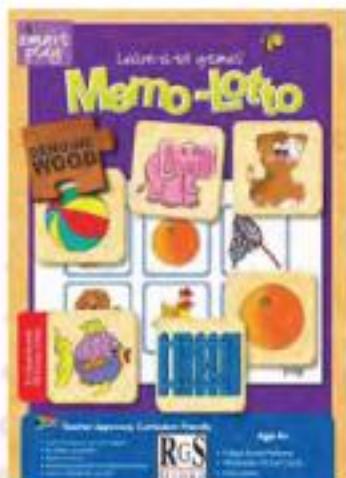

**Follow the Dots • RGS 5114**  
Challenge and stimulate your child. Develop pre-writing skills including planning, concentrating and an understanding of position and direction. The laminated, wooden dot boards can be wiped clean and re-used. This ensures that you will get maximum use out of this outstanding educational product.

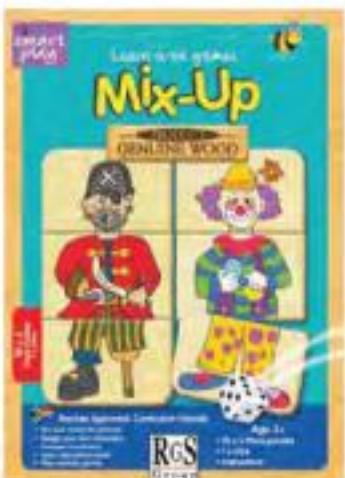

**Classifications • RGS 5129**  
Grouping objects requires skills of observation, reasoning and communication. This is a game which will teach children to think and give reasons for their answers.

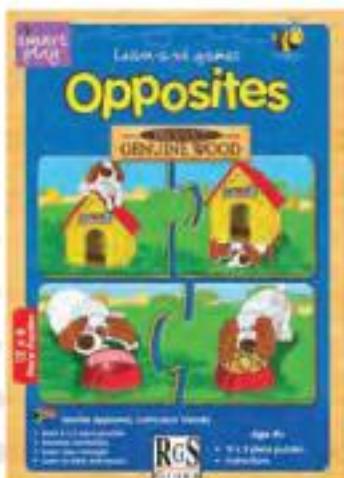

**Match It • RGS 5130**  
In this fine educational game, children are encouraged to think laterally while associating one object with another.

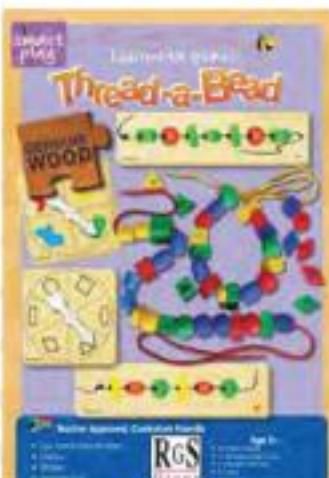

**Memo-Lotto • RGS 5128**  
Matching the picture cards onto the lotto base-boards will improve visual discrimination and matching skills.

**Mix-Up • RGS 5042**  
Develop language, creative thinking, memory and concentration skills with this innovative and entertaining game.

**Opposites • RGS 5141**  
Opposites are unlike each other in every way. A child who understands basic concepts, has the ability to reason, and the vocabulary to express himself, will enjoy games of opposites.

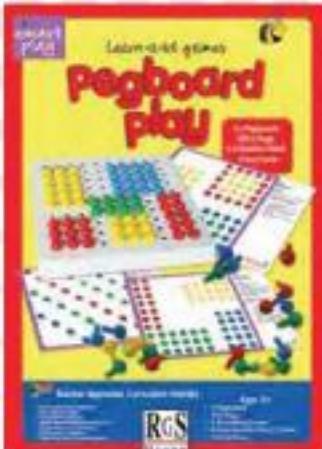

**Thread-a-Bead • RGS 5040**  
Threading is fun! Threading is a life skill which has many benefits for young children: fine motor control, eye hand coordination, visual perception, crossing the midline of the body, planning and concentrating.

*Smart Thinking*

**Smart Fingers • RGS 5039**  
This innovative game is ideal for children with low muscle tone and poor muscle control. Follow the patterns on the copy cards will help children to focus and concentrate.

**Peg Board Play • RGS 5134**  
The Pegboard is internationally recognised as an important teaching aid because placing pegs and threading is a basic Life Skill which will stand your child in good stead for the rest of his life. This is a must-have product for early learning!

**NEW**

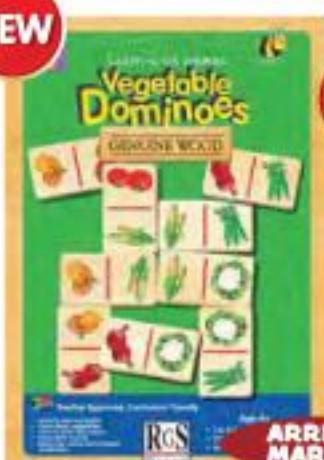

**Junior Jumbo Pegboard Play • RGS 5146**  
Pegboards are versatile learning aids designed to develop and strengthen visual perception skills, visual motor coordination and fine motor skills including the essential pincer grip.

**NEW**

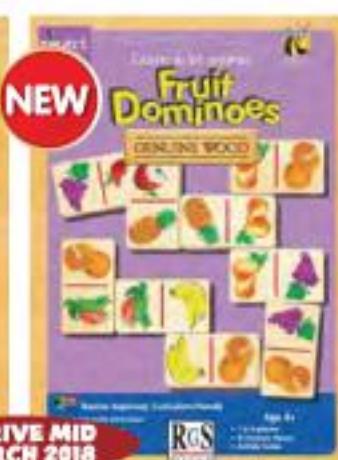

**Magnetic Letters lowercase • RGS 5150**  
These colourful letters will stimulate your child and encourage new words.

**NEW**

**Fruit Dominoes • RGS 5152**

**NEW**

**Wild Animal Dominoes • RGS 5149**

**ARRIVE MID MARCH 2018**

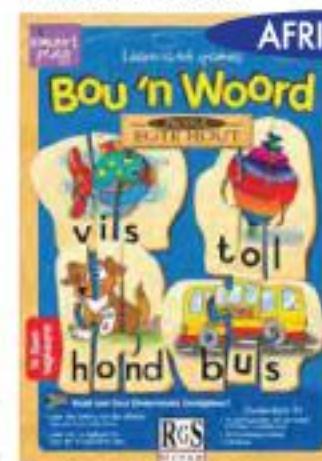

**Learning Numbers 1-10 • RGS 5153**

**ARRIVE MID MARCH 2018**

**NEW**

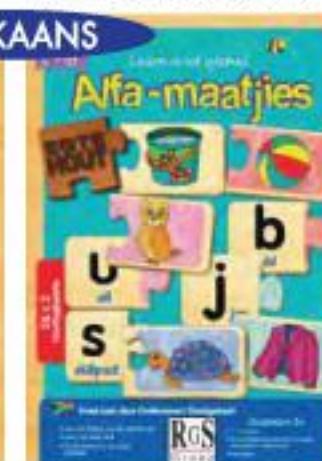

**Life Cycles • RGS 5147**

**Bou 'n woord • RGS 5122**  
16 Spell-legoarts, elke mat stukje wat leggaan in mekaar pas.

**AFRIKAANS**

**Alpha maatjes • RGS 5123**  
Leer die letters van die alfabet leer en leer hoe hulle klink, 26 houtlegkoartjies, elke met 2 stukke wat slig in mekaar pas. Instrukies.

**NEW**

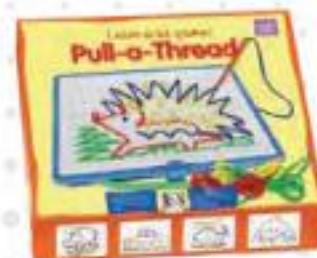

**Smart Money • RGS 4107**  
Pack consists of 57 coins,  
1 Credit Card and 54 Notes

**Peg ad Sew • RGS 6103**

- Help your child develop life skills in a fun, hands-on manner.
- Be creative - design your own patterns and pictures
- Follow the exciting patterns on the 40 colourful Copy Cards

**Peg Designs • RGS 6102**  
The pegboard is internationally recognised as an important learning aid because while placing the pegs in the pegboard, the child acquires many skills necessary for formal learning: Fine motor control and manual dexterity, eye-hand coordination, visual perception, perception of position and direction, visual memory; planning and concentration, creative thinking.

**Pull-o-Thread • RGS 6106**

Pull-o-Thread is an innovative and unique learning aid for children and an excellent product for occupational and sports therapists.

Using the threading pen, the muscles of the hand, wrist and fingers are exercised and strengthened.

Eye-hand coordination, which is necessary for most activities including drawing, writing, cutting and sewing is brought into play using this product.

When following the designs on the design cards, incidental counting, colour recognition, spatial concepts and planning become important factors.

## RGS GE045 SOLAR SYSTEM

For centuries people have been fascinated by space and our Solar System. This realistic model with automatic rotation, demonstrates how the illuminated sun and all the planets interact.

The solar controller is a voice interactive (English) panel with a button for each of the planets and sun.

The CyberSky CD-Rom provides an excellent way to learn about astronomy and to explore the wonders of the sky visible in the distant past, the present and the far off future.

It displays accurate charts of the sky as seen from any location on the earth.

Product dimensions: 305 x 383 x 483 mm.

\*Requires 4 x AA batteries. (Not included.)

8+

## RGS GE018 GALAXY STAR FINDER

The Galaxy Star Finder will enable you to observe and recognise your dream stars, planets and constellations.

Watch the stars dance and rotate in your ceiling with the star projector and listen to interesting facts about them.

Learn about the ancient legends that gave the stars their names.

The Galaxy Star Finder includes:

Rotational and light on/off switch

Instructional pointer

Instruction manual

CyberSky CD-Rom: An entertaining and educational astronomy program

Product dimensions: 485 x 295 x 265 mm.

\*Requires 6 x AA batteries. (Not included.)

## DEXTERITY TWEezERS

Endorsed by Occupational Therapists, tweezers are a highly recommended tool for the development of hand-eye coordination and fine motor skills. The large plastic Dexterity Tweezers are specially designed with finger and thumb placement depressions to facilitate proper grasp, even for little hands. Activity guide included. Perfect for use with our Themed Counters.

## THEMED COUNTERS

Fun and colourful soft rubber counters help to develop early childhood concepts such as colours, numbers and quantity, patterns, sorting and grouping, new words, storytelling, memory and tactile games and fantasy play. Each set consists of 72 pieces in 6 styles and colours.

RGS 6133

## FARM ANIMAL COUNTERS

feature horses, cows, sheep, pigs, ducks and chickens

RGS 6134

## FRUIT COUNTERS

feature apples, bananas, blueberries, grapes, oranges and strawberries

RGS 6135

## TRANSPORT COUNTERS

feature cars, helicopters, trains, airplanes, buses and boats

RGS 6132

## STACKING COUNTERS

Designed to stack on top of each other, these colourful 20 mm plastic counters can be used for a variety of tasks including sorting, patterns, counting, operations, graphs and probability studies.

Set of 500 pieces in 10 assorted colours is packed in a polybag. Activity guide included.

RGS 6137

## ROUND COUNTERS

These 20 mm plastic counters are textured on one side and smooth on the other. They are 2mm thick for easy handling. Ideal for exploring concepts such as colours, counting and quantity, grouping, sorting and patterning, graphing and probability. Perfect for number board exercises and tactile development activities. Each polybag contains 100 pieces in 5 colours. Activity guide included.

**RGS 6136**

### BEAR PAIRS SCALE WEIGHTS

If you go down to the woods today our cute weighted family bears will surprise you! These bears come in 3 sizes – Papa (12g), Mama (8g) and Baby (4g). Each 32 piece set comes in 4 colours – yellow, red, blue and green. Activity guide included.

**RGS CM047**

### CAPACITY BEAKERS

These seven translucent polypropylene beakers are valuable as demonstration aids for mixing and measuring. Graduation marks are moulded into the beakers and will not rub off. Beakers nest inside each other for easy storage. Beakers can hold hot and cold liquids. Sizes include 50ml, 100ml, 200ml, 250ml, 300ml, 500ml and 1000ml. Activity guide included.

Warning: Not suitable for use with strong acids or solvents. Do not use over open flame or on electric hot plates.

**RGS 6125**

### GEOMETRIC SOLIDS WITH FOLDING NETS

Explore 2D shapes and 3D solids, their properties and relationships, area and perimeter, surface area, capacity and volume with this 20-piece set.

The 10 colourful 2D folding nets are made from soft and durable plastic.

The transparent plastic 3D solids with removable 10 cm bases include square prism / cube, cone, cylinder, square pyramid, triangular pyramid, pentagonal pyramid, hexagonal pyramid, triangular prism, pentagonal prism, hexagonal prism.

Use for class and individual instruction as well as after-school programs.

Activity guide included.

**RGS 6124**

### BALANCE SCALE

Durable Balance Scale features detachable and graduated translucent 1000 ml bowls. Helps students gain a visual understanding of weight and comparison. Sliding compensators for calibration allow for more accurate measurement. Measures 52 x 24 cm. Activity guide included.

**RGS 6130**

### MINI GEOSOLIDS

A plastic set of small geometric solid in 10 shapes - cone, cube, cylinder, hemisphere, hexagonal prism, rectangular prism, sphere, square pyramid, triangle prism, triangle pyramid. Each set consists of 20 pieces in 4 colours. Each measures approx. 25 mm.

Activity guide included.

### GEARED CLOCKS

These durable plastic clocks are supplied with removable stands. Hidden gears maintain the correct relationship between the blue minute hand and red hour hand. The sun and moon image wheel turns as the clock hands rotate to illustrate day and night periods.

Use a dry erase marker to convert clock to 24 hours by adding 12 to 24 hours on the clock face. Activity guide included.

**RGS 6126**

### GEARED TEACHER'S CLOCK

measures 30cm in diameter.

**RGS 6127**

### GEARED LEARNER'S CLOCK

measures 10cm in diameter.

### HUMAN SKELETON WITH STAND

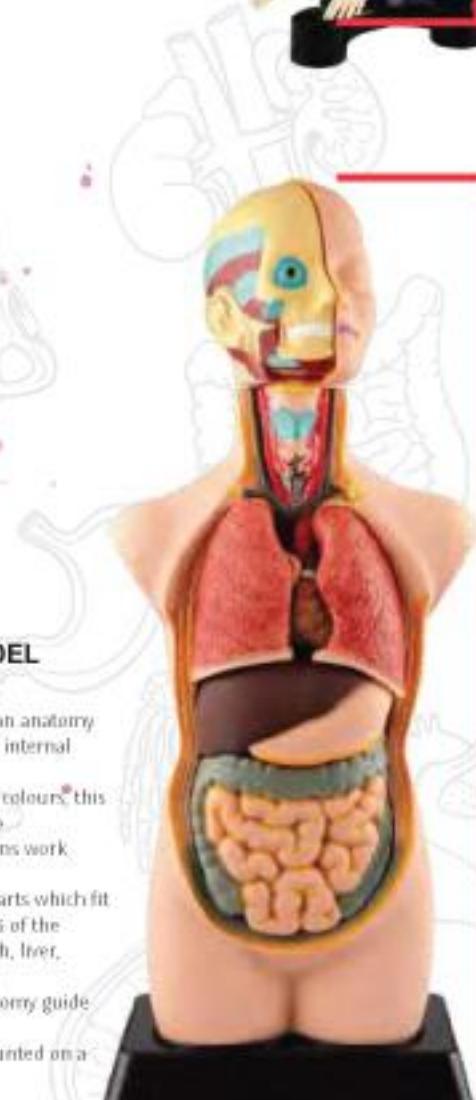

Build this life-size model of the human skeleton with movable lower jaw.  
Stands 160cm high.  
The sturdy metal stand with wheels enables you to move it around as needed.  
Perfect for your laboratory!  
Assembly guide included.

RGS SK046

### MINI SKELETON WITH STAND

This real-life model of the human skeleton will help you learn about the bones in the human body.  
Durable design and sturdy stand included.  
Stands 46 cm high.

RGS MK050

### HUMAN ANATOMY MODEL WITH STAND

Assemble this gender-neutral human anatomy torso and learn about all the major internal organs of the body.

Hand painted in bright and natural colours, this large scale model will enable you to demonstrate how our internal organs work together.

The model includes 12 removable parts which fit into the torso - the head (2 parts), ½ of the brain, lungs, heart (2 parts), stomach, liver, intestines, and cecum cover.

Fully illustrated colour human anatomy guide included.

Torso stands 50 cm high and is mounted on a sturdy ABS base.
